1. Herman LOPEZ, secretary of the National Assembly investigating committee, desires to resign because of his dissatisfaction with committee procedures and results. He is of the opinion that the National Assembly does not have the right to try former President Jose Ramon GUIZADO but it will do so for political reasons, and that the Panamanian Supreme Court has concurred for the same reasons. LOPEZ believes that the evidence which has been found is not sufficient to convict GUIZADO legally.
2. LOPEZ stated that Ruben MIRO has not changed his original testimony and has not implicated any additional persons. The members of the committee believe that many persons are involved in the assassination, but the procedures are slow.
